

MODERN SLAVERY

Saturday 7 March 2020

Message to all attendees

Dear attendees

I am writing to confirm we have taken advice from Public Health England and that Saturday's event on Modern Slavery will go ahead.

Public Health England has confirmed today that there is no need to avoid other people who are well.

I would ask that anyone with cold or flu symptoms should refrain from attending, even if they are mild.

Please can everyone attending the event also wash their hands regularly and before eating. Handwashing facilities and sanitisers will be provided throughout the venue.

At the moment, the only reason Saturday's event would be cancelled is if St Boniface College closes for deep cleaning because a student or teacher has a confirmed case of coronavirus. If this does occur a notice will be posted on the website and emailed to all attendees.

I look forward to seeing you on Saturday and working together to combat Modern Slavery.

Blessings,

Canon John Deeny
Vicar General
Chair of the Chair Committee
